June 25           Dry Beans

Late Planting Period June 26-July 20 (Guarantee decreases 1% per day)

July 15           Processing Beans

Late Planting Period July 16-Aug 9 (Guarantee decreases 1% per day)

There is a 25-day late planting period after the final plant date spring crops. If you plant during this period, your coverage is reduced 1% per day. All prevented planting acres must be reported within 72 hours after the final 25-day late planting period. If you have no intent to plant, due to poor planting conditions, please report prevented planting intentions immediately. Failure to report PP acres within the time allowed may cause the PP payments to be rejected.

Oct. 5            Final plant date for Wheat in Mason, Lake, Osceola, Clare, Gladwin and Iosco Counties.

Oct. 25           Wheat – final date with full coverage

Oct. 25-30        Wheat – can be insured at a discounted coverage

There is only a 5-day late planting period for fall planted crops. Fall crops planted after the 5 day late planting period are uninsurable.
